Description of the good example

The Guide to Community Preventive Services (The Community Guide) is a collection of evidence-based findings of the Community Preventive Services Task Force (CPSTF). The Community Guide conducts systematic reviews of interventions in many topic areas in order to learn what works in public health promotion. The Community Preventive Services Task Force (CPSTF) uses the results of these reviews to issue evidence-based recommendations and findings to the public health community.

Target - Who can best use this example or document?
